PREFACE

The North Dakota Century Code Section 54-24-03-(7) charges the North Dakota State Library with the responsibility for compiling statistics of North Dakota public libraries. Section 40-38-09 requires public libraries to file an annual report with the North Dakota State Library.

The public library statistics presented in this report were compiled from the "Annual Statistical Report" forms submitted to the North Dakota State Library by public libraries. Population figures are from the official 1980 Census of the Population or an official special census taken since 1980.

The statistics for academic and special libraries were compiled from the statistical forms supplied by the North Dakota State Library. These figures represent the period July 1985 through June 1986.

We wish to thank the libraries for preparing the statistical information used in compiling this publication.

The North Dakota State Library has not verified any information supplied by the libraries.
